Bread! Bread! Bread! There's a little of teaching yet In the measures of the clown, Who dug for gold in his cellar mould, Till he dug his whole house down.

And a lesson left below,
By the gentleman in the tree,
Who severed the limb that seated him
And was punished accordingly. There's reason, and may be room In seasons of much misrale, Por an "iron hand" to purge the land Of a somewhat similar fool!

No Congressman, I name;
No man of meaner wares:
Though it is a shame, if a nation's claim
To life, be less than theirs!

But I mean your "Cotton-head,"
Mole-blind to all but pelf,
With a root to knaw, and a limb to saw,
And a erash to cripple himself.

Digging for Cotton bales, While the nation cries for bread Digging dirt for a Nessus shirt To scorch him, heel and head.

Sighing for Cotton bales, With the hand of God outspread To smite him first, whom Folly nursed For famine to leave unfed. Oh! Cromwell! with a kick;
Oh! Cromwell! with a curse;
Larrupthe knaves who'd dig our graves,
For half the wages of famished slaves,
Out of the Universe!

Reader, accept my rhyme;
So be thy soul of cheer,
From the early and the summer dew,
Till the latter rains appear.

From the tender blade, 'till the corn is laid By—in the bursting ear;
Till a harvest won by a wide "Well done,"
With Liberty, crowns the year.
